

GALENE

**Clean
Water
Every Tap
Every Time**

GC SERIES

GALENE's GC Series is a two-stage Whole House System that combines:

- 5 Micron Pre-filter
- Carbon filter

Benefits:

- Minimizes exposure to many unhealthy constituents in your water
- Leaves great tasting water
- Eliminates bad odor from water
- Leaves water crystal clear
- Reduces buildup in pipes
- Low Maintenance
- Back wash capable

Reduces:

- Dirt / Rust / Sediment
- Chlorine / Chloramines
- Foul color / Taste / Odor
- Pesticides and Insecticides
- Volatile Organic Compounds
- Scale Build Up

The system includes a manual backwash valve to refresh the carbon, assuring high water quality.
